

WEEK OF SUCCESS FOR RED ARMIES

**Bolsheviks Have Advanced
Over Front of 200 Miles to
Depth of Fifty Miles.**

LONDON, Nov. 14.—Russian Bolshevik armies have had a week of almost continuous successes, the British war office statement indicated today.

Since Monday, the statement said, the Red forces have advanced over a front of 200 miles in the east, an

average depth of fifty miles. Admiral Kolchak's forces are reported to have lost large numbers of prisoners.

On the western and southern fronts Bolshevik forces have continued their drives vigorously, over fronts of approximately 200 miles in each district. The Soviet armies have pierced the anti-Bolshevik lines in some places, pushing ahead an average of forty miles.

In the south a Red cavalry detachment penetrated General Denikin's lines south of Crome, capturing Ponnuri and Fateh. The White army counter-attacked and succeeded in closing the gap. The Red forces were reported to have been surrounded.

USES COMMON YELLOW MUSTARD FOR CHEST COLDS AND SORE THROAT

Old Fashioned Simple Home Remedy
Much Used by Doctors and Nurses
for Inflammation, Congestion
Aches, Pains and Swellings.

Mustard, real yellow mustard, the kind you use at home, is being used more than ever to banish distress and misery and free mankind from agony and suffering.

Not very long ago people used to make yellow mustard into a paste, spread it on a cloth and apply it to that part of the body where pain or inflammation was present.

It surely did do the work it was expected to do, but it was messy and bothersome and often blistered the skin.

People still use yellow mustard when they get a cold in the chest or have pleurisy, lumbago, or rheumatic pains and swellings.

But nowadays they buy this yellow mustard in condensed form all ready for use for something like 30 cents a box and find it much better, cheaper and cleaner than mustard plasters.

This yellow mustard preparation, which is known to millions as Begy's

Mustardine is sold at drug stores all over America and one box will do the work of 50 mustard plasters and it cannot blister the tenderest skin.

Begy's Mustardine is the original mustard preparation used to take the place of blistering mustard plasters and is known among druggists as the quickest painkiller on earth.

It will pay you to keep a box of Begy's Mustardine in the house, for it is good for so many ailments that you will need it often.

Just rub it on, that's all you have to do and headache, backache, earache and toothache will disappear almost instantly.

Don't fail to use it for neuritis, neuralgia, sciatica, lumbago, gout and rheumatic pains and swellings.

You will quickly find that there is nothing so good for sprains and strains, sore muscles, stiff neck and cramps in leg.

Heat cases pain and Begy's Mustardine made of real yellow mustard with other helpful ingredients added for use for something like 30 cents a box and find it much better, cheaper and cleaner than mustard plasters.

Just try a 30-cent box—you'll praise it to the skies as millions are doing every day. Always in the yellow box.

PREMIER'S WIFE TO BOOM LADY ASTOR

**Mrs. Lloyd George to Stump
For American Candidate
For Seat in Commons.**

PLYMOUTH, Nov. 14.—Mrs. Lloyd George will take the stump here today for Lady Astor, American candidate for seat in Commons. She is said to be a poor elocutionist, and fun is anticipated by the jokers who intend to heckle her.

Lady Astor "told it to the marines," as she explained her morning electioneering novelty before the sergeants' mess of the Royal marine barracks here.

When General Stroud escorted the American woman into the hall, a military pated just been finished. The presence of the general and a woman abashed the troopers, who listened with solemnity.

Nancy Astor was not ill at ease. "I think it is rather hard for a man to vote for a woman, but the country's critical state justifies innovations," she told the soldiers. "At the back of the minds of laborites is the idea of soviet government. The only place it has been tried there is more bloodshed and revolution than the world has ever seen before."

"I know the independent labor party—while you were fighting and doing your duty, they preached brotherly love for the Germans. Now they are trying to take advantage of the grievances of the men who have come back."

"I advise you to trust Lloyd George more than Ramsay MacDonald. If you think I'm a fit person, I hope you'll vote for me and get your wives to vote for me."

HOSPITAL DRIVE WELL ORGANIZED

Completed plans for the drive, December 1-8, for \$100,000 for the modernization of the Children's Hospital were outlined today by Admiral Willard H. Brownson, chairman of the executive committee in charge of the drive. The final arrangements were completed at a meeting yesterday of thirty team captains and chairmen of divisions.

Three divisions, acting under the direction of an executive committee, will be composed of ten teams each, each team, in turn, being composed of ten workers, making a total of more than 300 men and women actively engaged in the work of canvassing and soliciting. Each member of a team will devote two hours a day to visiting persons whose names are on a main canvassing list.

Two divisions have reported complete membership, and the third division will be recruited within a few days. Mrs. J. W. Wadsworth, Jr., Thomas Bell Sweeney and Cuno H. Rudolph are chairmen of divisions A, B and C, respectively.

WOMAN TRIES TO STOP FIRM BUILDING GARAGE

Miriam D. T. Thropp yesterday filed a petition in the District Supreme Court to restrain Jacob Zarin, the Locomotive Company of America, M. T. Wiggins, its local manager; Barr & Phelps, building contractors, and the District Commissioners from erecting a garage on a parcel of property on Connecticut avenue, between Q and R streets northwest.

Mrs. Thropp, represented by Attorneys Darr, Whiteford & Darr, alleges that the erection of a garage in that neighborhood would constitute a nuisance and that the building permit was issued without the necessary consent of 75 per cent of the property owners within a radius of 200 feet of the property. Mrs. Thropp says she is the owner of adjoining property.

D. C. WOMAN MADE CITIZEN OF TWENTY FRENCH TOWNS

Twenty French towns have honored Mrs. Alice Ingersoll Stuart with the honorary title of citizen, it became known today. Mrs. Stuart, a Washington woman, served many months with the Red Cross in France. In addition to the honorary titles she was twice decorated by the French Red Cross and once by the French government.

Mrs. Stuart received her training in social work in the District of Columbia. Her husband, a Canadian, was killed in action in 1917.

SEEKS ABSOLUTE DIVORCE.

Alleging misconduct and naming a co-respondent, Albert E. Nordhoff yesterday filed suit in the District Supreme Court against Mrs. Clara A. Nordhoff for an absolute divorce. The husband, represented by Attorney Joseph Stein, alleges that his wife eloped June 15, 1916.

WHY BRAINWORKERS ARE CONSTIPATED

Nervousness or Intense Concentration Upon Work Will Cause Bowels To Falter.

People working indoors without exercise and overworked, nervous or working under high tension become constipated. They should not take a big, powerful blasting agent. What they need is a tiny dose at intervals of an hour or so through the day. In this way the system can be put to work without discomfort or delay until night and the relief is more thorough. Just take an E-Z Tablet when the headache, bilious spell, or attack comes on. Take another an hour or so later. Perhaps a third one on going to bed. You get almost instant relief. No discomfort or bother. The second or third tiny E-Z Tablet sets the system to working beautifully. 100 E-Z Tablets in handy wooden bottle. E-Z Pills or E-Z Tablets, 10c, at People's Drug Stores and all good drug stores.

PLENTY Society Brand Overcoats

It means something to say "PLENTY" these days. It's common knowledge around town that "WE HAVE THE GOODS."

When you come here for your Society Brand Overcoat or Suit you'll find a powerful stock to choose from, and back of this there's a MAMMOTH RESERVE stock.

It took real, man's size courage to assemble such a stock, and MORE—it meant prestige to GET THE GOODS after they were ordered.

PLENTY Society Brand Suits

Men are coming here who have "shopped" for suits and overcoats all over Washington. Men are buying here who are keen judges of value; and they all tell the same story: "Such a stock in these times of scarcity is almost unbelievable—YOU HAVE THE GOODS."

A city of Society Brand Overcoats and a community of Society Brand Suits at \$40, \$50 and \$55. Or you can pay \$30 to \$85 for suits or \$30 to \$150 for overcoats.

HANAN--the Shoe of no regrets

That's one thing about Hanan Shoes that appeals to a man's sense of business instinct. He knows when he buys HANAN Shoes that there'll be no regrets.

And he can forget his feet when shod with HANANS, knowing that they're well taken care of. It's like turning over certain details of business to an executive. He KNOWS he can forget the matter as attended to.

Another thing about HANANS. They give more satisfaction after six months' wear than after one month, because, like old friends, they give a good account of themselves under any or all circumstances. That's HANAN dependability.
